## CONVERSION TO HEW ELECTRIC, MACHINETIC AND LIGHT UNITS

Committee on Measurements and Measuring Devices Soviet of Ministers USER

In compormity with the 14 Movember 1947 decision of the Committee on surements and Measuring Devices of the Soviet of Ministers USER, a conversion to electrical and magnetic units of the absolute electromagnetic now in effect) will be made in 1948. A conversion to new light units, based on absolute black body standards will be undertaken also.

The conversion to new units, which required extensive preparatory work on the part of metrological institutions, will not in any way handicap the work of industrial enterprises and economic agencies. The order of introduction of the units and measures is being worked out by the Committee of Measurements and Measuring Devices of the Soviet of Ministers USER.
